Dear Mr. Ikle:

On behalf of the participants and the course director, [redacted]  
[redacted] I want to thank you for authorizing Dr. Darnell M. Whitt's participation in the New Analyst Course last 13 December and in the Seminar on the Producer-Consumer Relationship on 9 January. The New Analyst Course is given to new analysts in the Directorate of Intelligence and the Seminar is given to senior analysts and branch chiefs. In the latter, we examine the relationship between producers and consumers of finished intelligence and explore various problem areas of mutual concern.

The participants in both classes were especially laudatory of Dr. Whitt's presentation. The course director also found it quite effective and just what he was looking for. Dr. Whitt is a dynamic speaker who has contributed greatly to our courses, and we hope we may call on him in the future.

Sincerely,

Director  
of  
Training and Education
